Subject: Quarterly First Responder Recognition

Good evening,

I would like to nominate my husband, Steve Adkins, for the quarterly first responder recognition. Although he may not be a "stand out" name recognized by most in the community, he has faithfully served on the Brownwood Fire Department for 15 years. In those 15 years, he has earned the title of Master Firefighter, and was recently promoted to Fire Driver. He works hard to be a mentor to new, rookie Firefighters and be a leader to all he encounters. Steve has overcome a lot of adversity in the time that he's served BFD, including being a full time single dad of 7 kids for several years prior to us getting married. He is always willing to help anyone in any way he can, on duty and off duty. I often tell people he would give the shirt off his back to someone who hates him, just because that's the type of person he is. I feel Steve is often overlooked as being a "who's who" person in the community because he is so humble, but he loves serving the Brownwood community.

Please consider Steve in the nominations for his hard work and dedication to the BFD.

Thank you,
Amanda Adkins
