

Winchell VFD request

Winchell Volunteer Fire Department has purchased seven additional radios and is requesting to put them on the Brown County LCRA radio system.

The radios will need to be programmed at a cost of \$500 for setting up the personality and programming for the seven radios. \$500 one-time fee

There will be a monthly maintenance fee of \$ 18 per month per radio. \$ 1512 annually.

The factory warranty on all of the radios county wide has expired. Who will be responsible for the repair costs?

If a VFD decides to turn in an inoperable radio, do they need to be repaired by the VFD before turning them in?
