RE: Proposal to change out 3 10 Ton Systems and 3 5 Ton systems which are gas heat and electric air conditioning.

Proposal consist of removal and disposal of old equipment, hooking up to existing duct work, vent piping, gas piping, condensate lines, refrigerant lines with driers added, control wiring, high voltage wiring, and labor to complete.

Using Carrier equipment including gas furnaces, evaporative coils, condensers, hail guards for 10 ton units, programmable thermostats and filter bases.

TOTLA \$46,250.00

Prices good for 30 days.

If you have any questions, please feel free to contact me.

Thank You.

PLEASE NOTE: The above bid and quotations are for the equipment and parts set out and are based on a good faith estimate of time required to perform. In the event that additional equipment and parts are required or any additional services are required or requested by the individual, partnership or corporation requesting the foregoing bid, it will be necessary that a written request be made and an agreement reached as to charges to be made by Roberts & Petty, Inc. for the additional equipment, parts and/or services. Such agreement will be required prior to any work or equipment or parts being furnished.

It is also agreed that if payment for material and service is not received as agreed on, all reasonable attorney fees, legal cost and interest in the amount HIGHEST ALLOWED BY LAW, WILL BE CHARGED TO THE CUSTOMER.
