Re: Brown SVC  
Road Maintenance Agreement

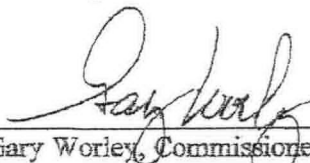

As agreed, Oncor Electric Delivery will be responsible for the repair of CR 221 from FM 586 to CR 222 above any normal maintenance, and for rebuilding the same portion of CR 221 when the Brown SVC project is complete.

The same applies for CR 222 from the intersection of CR 221 around passed the second entrance to the Brown SVC Project.

For reference, CR 221 is a paved road and CR 222 is a gravel road.

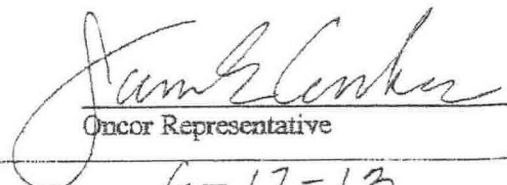

We have submitted two bills to Oncor Electric Delivery to date and these bills are attached. A map is also attached for your reference.
