Brown County Commissioners Court

RE: IGT Transfer to Brownwood Regional Medical Center

An IGT Transfer date has been scheduled for December 4, 2014 from HHSC. The funds transferred will be to cover medical services rendered to eligible indigent clients for the dates of service of May 1-October 31, 2014 by BRMC.

According to our Affiliation Agreement with BRMC, it is at the court's discretion to determine the amount to be transferred. My understanding from BRMC representatives is that they estimate IHC expenditures would have totaled approximately \$249,000. I believe they will be requesting a transfer amount of \$150,000. After reviewing reports submitted by BRMC, it is my recommendation to the court to approve a transfer of \$75,000 based on level of care for services rendered during the above mentioned time frame.

Sincerely,

T'Anna McClure
IHC Coordinator
