**Report on Unexploded mine found in Pct 1**

On February 11, 2015 I received a call from Brown County Sheriff's Sergeant James Stroope concerning an unexploded anti-tank land mine found on private property south of Brownwood in Pct 1. An EOD (explosive ordinance disposal) Team from Ft. Hood was dispatched to the site and placed in charge of the situation. Upon arrival the team requested enough sand to fill approximately 2000 bags to construct a bunker 3' wide X 4' high X 8' in diameter. Sergeant Stroope called me and requested 2 loads of sand be delivered to 8200 CR 225. I complied with the request and had Jimmy Robbins (Road foreman Pct 1) send a truck to Ingram Enterprises to load and deliver 18 yards of sand at \$50 per yard. Ingram billed Pct 1 \$900 for 18 yards of mortar sand, ultimately the charge will be paid from the Road & Bridge account. The Pct 1 work crew went back to the property on 2-17-15, cleaned up the affected area and retrieved approximately 1500 full sand bags that were not destroyed. These bags are now at the Pct 1 yard under the equipment shed.
