GENERAL DESCRIPTION

See Attached Map for Specific Locations **No Map Required for This Project**

Guardian Security Solutions plans to add 5 new cameras to the existing camera system at the Brown County Jail. We will be adding 3 cameras that were already purchased on a previous PO and two new cameras. The first new camera is a 5MP fisheye and the second is an arctic camera to be installed in the walk-in cooler. Non-plenum wire will be installed above drop ceiling and will not be in J-hooks. Plenum wire and J-hooks can be added at an additional charge. Guardian Security believes this scope of work to be accurate based on industry standards and best practices. If unforeseen circumstances should dictate a change to this scope of work, a change order will be issued for approval at that time.
