Dear Hon. Dr. Paul D. Lilly,

This donation of \$10,000.00 is made to Brown County, Texas, for the exclusive use of funding and supporting the police and first responders of the county for public purposes. We admire the work the county is doing in the communities and the diligent efforts to improve the world around us. It's our honor to present the county with this contribution and hope that it will help provide the community with the resources needed to continue endeavors in supporting our police and first responders within Brown County and the public at large.

The services provided by our police department and fire department are valuable and necessary in our present-day circumstances. When we think of all the families they have helped already, and when we think of the vast number of still in need, we feel not only deeply grateful for their courage and vision, but also strongly compelled to help support these efforts.

I look forward to seeing the continued progress the county will make in the future.

Sincerely,
