I got the agenda for Monday and it has two plats to be approved via the Court.

The only plat I have for review at this time (which I got the revisions today Jan 13 2023) is the Bayou Estates Surveyor Joe Lopez.

I ran down and contacted Scott Huddleston the Surveyor for Valton Sudderth, about the Plats and he said he gave all of the material to Valton Sudderth. Please follow the Platting Regs that Mr. West laid out back in the early 2000's, so I can review said materials for approval in a timely manner.

Being its Scott Huddleston I am sure the Plats are OK, But I have not seen to give approval.

Thanks

Don King

**County Surveyor of
Brown County, Texas**
