VII – Item L IT Recycling

OVERVIEW

- Major efforts have been underway over the past 2 weeks to clear out technology items that no longer serve a purpose.
- Over 275 items have been removed from the Courthouse, LEC, & Veteran's Building.
- Numerous items were removed that were no longer used, yet still powered on and presented a fire hazard.
- Some technology items found have been stacked in offices for 10-15 years.
- Items being recycled have no value for re-sale.
- Items will be recycled through the ^{Dell}Reconnect program and partnership with Goodwill Industries.

NOTE: Hard drives have been removed and stored for now, these will be approved for destruction at a future date.

SUMMARY

1. COSTS
Fuel for Delivery to Abilene (Round-Trip)TBD
