**FELONY HOURLY RATES**

Hourly rate compensation for legal services other than those listed above under Felony Flat Rate Fees shall be used only for complex cases or other circumstances making payment under the fixed rate grossly inadequate. To be compensated under an hourly fee method, the attorney shall keep an accurate and detailed account of time expended to the nearest .25/hour, services rendered, and dates involved. Hourly rates for all documented time incurred shall only be for services that a qualified professional would agree was objectively reasonable for the representation of the defendant in that case.

The hourly rate under shall be \$100 per hour for time spent in or out of court reasonably necessary for adequate representation of the defendant.

Fees based on an hourly rate are subject to a maximum of \$5,000. In exceptional circumstances and for good cause shown, an attorney may request payment at a rate in excess of the rates specified above and approval shall be at the sole discretion of the trial court.
