

SEQUENTIAL INTERCEPT MODEL MAPPING WORKSHOP

The 35th District Court of Brown County and Center for Life Resources are hosting a strategic planning workshop to identify opportunities to better address the needs of individuals with behavioral health needs in our community. Using the Sequential Intercept Model, this meeting will convene local justice and behavioral health stakeholders to:

- Inventory existing local resources,
- Identify gaps in programs and services,
- Prioritize opportunities to increase diversion, access to treatment, and coordination amongst local agencies, and
- Develop community-wide action plans.
